

DASHMESH PUBLIC SCHOOL
VASUNDHRA ENCLAVE
DELHI-96

Dear parent,

DATED: 22.11.17

Safety and security of your ward is the foremost priority of our school. We always look forward for the secure environment for the students. The same is expected from the parents also. But it has been observed that transport availed by your ward is not safe. The van driver seats the students more than its capacity which is not good. Also some van drivers do not come on time. They are taking students in 2-3 shifts. Because of this the students remain standing outside the school. So keeping in mind the safety of students, you are required to ask your van driver to arrange for another van so that student may seat themselves in the van safely and reach their home in time.

M. Kaur
