**UNDERTAKING SESSION 2019-20**

Dear Parent,

To reduce the stress level of students, CBSE has introduced two levels of mathematics i.e. Basic and Standard for the session 2019-20. Standard level is same as the existing level and basic maths is the easier level. The Standard level is meant for students who wish to opt for Mathematics at Sr. Sec level and the basic level would be for students not keen to pursue mathematics at higher level. However the syllabus, class room teaching and internal assessment would remain same for both the levels. You are required to give your consent in written for the subject to be chosen. It will be final decision and further there will be no change as the LOC will be submitted in the CBSE.
