

**DASHMESH PUBLIC SCHOOL**  
SHALIMAR GARDEN, EXT-I, GZB. U.P.

Date :27.06.2020

Dear Parent,

The positive feedback of our parent fraternity to begin **LIVE ONLINE CLASSES** post summer vacations, received in response to whatsapp message circulated on 24.06.2020, is overwhelming. We are trying our best to maintain continuity of education via online teaching and most of the parents we have spoken to understand that this is the only viable option to engage our students in an effective way though some of the parents have suggested that the classes should be conducted for limited duration and with reduced syllabus. Your opinion matters a lot to us and therefore the staff is working on formulating a practical study pattern.

Now, that we have approval of majority of parents, we would like to bring to your notice that the School Management is planning to introduce **Live streaming sessions vide EZVIZ from 1<sup>st</sup> July 2020**. As shared with you vide previous message, time table and procedure to download the application for live sessions will be shared by teachers in class groups. Some of the features available on the application will be as under:

- This application is user friendly and can be downloaded on your mobile, laptop, tablet or personal computer.
- You can save/record the live streaming session for referral at a later stage.
- The screen can be zoomed in or out while attending the live streaming session.
- For better access to audio while live streaming, kindly arrange a pair of headphones or earphones for your kids.

Here I would once again like to bring to your notice that the technical team and staff members have been coherently working, even beyond their usual working hours, to adapt to most feasible ways of providing education to our students. **But it is disheartening to note that many parents have not paid fee of their ward/s from the beginning of the session. Our school is NOT a mercenary nor are our teachers ; we rely on school fee to meet our expenses, 75% of which are salaries** for teachers, admin staff, technicians, third party vendors, support staff and drivers. Due to shortage of funds, we will be unable to release salaries of staff in upcoming months. Therefore we urge that :-

1. Parents who have not paid fee dues of their ward/s for current session may do so at the earliest to avoid inconvenience.
2. Fee of some students is long overdue from previous session. Please note that the names of these students will be struck off from school roll post 29<sup>th</sup> June 2020. Parents are urged to settle their accounts without any further delay.

The Government order clearly states that the fee for June 2020 and onwards may be paid as and when it becomes due. We are hopeful that we will receive your support as always.

We hope and pray for the health of our DPSSGE family, our children, our citizens, our nation and the entire humanity!

With warm regards  
Sarita Saxena  
Director
